PLEASE PROVIDE X-STYLE KEYBOARD STAND

CHICAGO REWIRED

Hospitality Rider

The following hospitality requirements are intended to provide Chicago Rewired with a comfortable and professional environment before, during, and after the performance. We understand that venues and events vary, and reasonable substitutions may be made with advance communication.

LODGING

When overnight accommodations are required, Purchaser/Presenter shall provide:

- Eight (8) single-occupancy hotel rooms for a minimum of one (1) night.
- Two (2) nights are preferred when travel distance, routing, load-in, soundcheck, or performance schedule makes same-day travel impractical.
- Hotel should be a clean, reputable property reasonably convenient to the venue.
- Rooms should include standard private bathroom facilities, Wi-Fi, and parking where applicable.
- Hotel information and confirmation should be provided to Artist management in advance of the engagement.

DRESSING ROOM / GREEN ROOM

Purchaser/Presenter shall provide at least one (1) private, secure, climate-controlled dressing room or green room capable of comfortably accommodating eight performers.

The room should be available from Artist arrival through completion of load-out and include, where available:

- Adequate seating for eight
- Table or counter space
- Mirror
- Electrical outlets
- Wastebasket
- Coat rack, wardrobe rack, or other suitable area for hanging stage clothing
- Convenient access to a clean restroom
- A reasonable supply of clean hand towels

Two dressing rooms are appreciated when venue facilities permit but are not required.

GREEN ROOM HOSPITALITY

Please have the following available in the dressing room prior to soundcheck:

Food & Snacks

- One fresh fruit tray
- One fresh vegetable tray with dip
- Assorted chips and snacks
- Granola/protein bars, nuts, crackers, or similar snacks are appreciated

Beverages

- Ample bottled water
- Regular assorted soft drinks
- Diet/zero-sugar assorted soft drinks
- Gatorade Zero or similar zero-sugar electrolyte beverages
- Fresh hot coffee
- Hot water and assorted tea
- Cream/creamer, sugar and artificial sweetener
- Cups, ice and napkins as appropriate

Please also provide bottled water on or immediately adjacent to the stage for all eight performers during the performance.

MEALS

Purchaser/Presenter shall provide meals for eight (8) performers on the day of the performance.

A quality hot meal is preferred. However, Chicago Rewired is happy to work with the catering arrangements available at the event. Acceptable alternatives include:

- Event or venue buffet
- Catering
- Food-truck or festival meal passes
- Quality deli sandwiches/subs
- Pizza or similar group meal

If providing a meal is impractical, a reasonable meal buyout/per diem for eight performers may be arranged in advance.

Please communicate meal arrangements during the show advance whenever possible.

PARKING & VENUE ACCESS

Please provide reasonable parking access for Artist vehicles as close as practical to the stage door or designated load-in area.

Parking passes, credentials, gate instructions, load-in directions, and any venue-specific access information should be provided to Artist management in advance.

GENERAL

Hospitality should be available upon Artist arrival unless otherwise arranged during the show advance.

Chicago Rewired recognizes that every venue and event is different. If any portion of this rider cannot be accommodated, please contact Artist management in advance so that suitable alternatives can be arranged.

Thank you for helping us make the performance day comfortable, efficient, and enjoyable for everyone involved.
